FLEXIBILITY OF A LOCAL NETWORK WITH POS

Point of Service (POS)

With a POS plan, your employees have in-network access to 99% of the doctors in our 13-county service area. These plans are flexible and the most affordable for those who get health care close to home.

COVERAGE BEYOND THE CAPITAL REGION WITH PPO, EPO, AND EX NETWORKS

Preferred Provider Organization (PPO)/ Exclusive Provider Organization (EPO)

- PPO and EPO networks offer the same great local coverage. They go the distance with employees who live or travel outside the POS service area.
- PPO coverage includes all BlueCard® providers both in and out of our service area.
- With an EPO network, your employees must see a Highmark Blue Shield provider in our service area. Nationally, they'll have access to the entire BlueCard PPO network.

Expanded network (EX)

- EX network offers great local coverage, plus in-network access to doctors outside our region.
- It works best for those living or working in the 13-county service area, but receiving treatment or services elsewhere. Your employees must choose a participating PCP in our service area who will coordinate care in and outside the region.

Important plan details

Out-of-pocket maximum calculation includes deductible, copayment, and coinsurance.

- 1 Primary care cost-sharing amounts also apply to outpatient: mental health, behavioral health, substance abuse, chiropractic, physical therapy, speech therapy, and occupational therapy office visits.
- 2 Integrated Rx plans include all medical and prescription claims accumulating toward one overall deductible.
- 3 Embedded plans: In this approach, an individual family member can be eligible for payment of benefits upon meeting the individual deductible amount (even if the rest of the family has not met the family deductible amount). Additionally, an individual family member's out-of-pocket (OOP) maximum will be the same as that of a member purchasing individual coverage for the specified health plan.
- 4 A health savings account (HSA) is available to employees. Employer contributions in amounts that exceed annual federally mandated maximum(s) may result in actuarial value changes that may impact compliance as a qualified health plan.
- 5 Non-embedded plans: In this approach, the entire family deductible must be met before any family member is eligible for payment of benefits. Additionally, the entire family out-of-pocket (maximum) must be met before the plan begins paying 100%. One family member may satisfy the entire family deductible and/or OOP.

This is not a contract. This benefits summary presents plan highlights only. Contract limitations and exclusions apply. Please refer to the member contract for complete information. To determine the availability of services under your health plan, please review your contract for details on benefits, conditions, and exclusions or call the number on the back of your member ID card. Information above presents in-network plan highlights only. PPO and POS plans also provide benefits for many out-of-network services, generally with higher member cost sharing. Please see plan materials for information.

Blue Distinction® Specialty Care is a registered mark of the Blue Cross Blue Shield Association. Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers’ need for affordable health care. Each provider’s cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans’ areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. Total Care (“Total Care”) providers have met national criteria based on provider commitment to deliver value-based care to a population of Blue members. Total Care+ providers also met a goal of delivering quality care at a lower total cost relative to other providers in their area. Program details are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider’s in-network status or your own policy’s coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for non-covered charges or other losses or damages resulting from Blue Distinction, Total Care, or other provider finder information or care received from Blue Distinction, Total Care, or other providers.
