Your company TOGETHER with ours

> The new plan for small businesses in Allegheny, Butler, Erie, Mercer, Washington, and Westmoreland counties.

We want to do our part during these uncertain times, which is one of the reasons we created Together Blue – a plan for small businesses with fewer than 50 employees. Together Blue brings together the expertise of Allegheny Health Network (AHN) and Highmark. It allows Highmark to offer Together Blue – Highmark's lowest-cost ACA small business plan – provide access to great care, and seamlessly work between providers and health insurance to give members the smoothest experience possible. And in times like these, who doesn't want something that easy?

TOGETHER BLUE OFFERS:

- The lowest-cost Small Group ACA Highmark plan, that still provides great quality and access to care, with multiple plan designs to choose from.
- The exclusive Together Connect team to help your employees through all of the ups and downs next year may hold.
- Access to local doctors and hospitals that meet all of the needs of your employees.
- Access to care in local communities that keeps your employees closer to home.
- Access to enhanced care protocols at AHN to make sure your employees get the care they need.

For a full breakdown of Together Blue plans, see page 16.

~

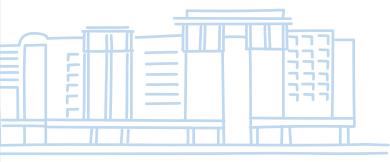

Together Blue uses a robust coordinated care management model that has built-in collaboration with Allegheny Health Network. It focuses on access to care, connection, coordination, and cost.

Highmark's multidisciplinary Clinical Care and Wellness Team can guide your employees through complex health conditions and uses analytics to power high-cost claims management.

THERE ARE SEVEN TARGETED DISEASE MANAGEMENT PROGRAMS:

- Diabetes management
- Congestive heart failure
- Chronic obstructive pulmonary disease (COPD)
- Coronary artery disease

- Asthma
- Metabolic disease
- Musculoskeletal disease

Together Blue members also have access to our 24-hour nurse line, wellness and lifestyle coaching, behavioral health management, the Diabetes Prevention Program, and the Sharecare[®] program. It's all about making sure the right people are connected

Low cost GETHER with high quality

Together Blue is Highmark's lowest-cost ACA plan for small businesses in western Pennsylvania, but it doesn't sacrifice access to great care. Leveraging the great collaboration between Allegheny Health Network and Highmark allows us to keep costs low when possible, and offers access to some of the best doctors and hospitals around. When your employees visit AHN facilities, enhanced care management protocols are used to coordinate care with the Highmark team. New AHN facilities are opening all the time, so your employees can see doctors right in their neighborhood.

All members who utilize AHN providers for care have access to Allegheny Health Network's MyChart — an integrated system that allows users to schedule appointments right from their phone, see health information, and meet with a doctor from the comfort of home for minor illnesses like colds, sore throats, pink eye, allergies, and rashes. Find it in the app store or Google Play by searching Allegheny Health Network.

Together Blue doesn't just include in-network access to Allegheny Health Network — it also offers your employees access to select physicians and hospitals that work closely with Highmark to provide high-quality, cost-effective care. Together Blue consists of more than 20 community hospitals and over 2,500 primary care physicians and specialists in western Pennsylvania alone.

Your employees are covered at emergency rooms and urgent care facilities from coast to coast under the BlueCard® program, and when they travel globally, they're covered in 190 countries through the Blue Cross Blue Shield Global® Core program.

However, it's important to check with each provider to see if they are in network before a visit. By keeping care in network, they can be sure that medically necessary and appropriate treatments will be covered.

THERE ARE SEVERAL WAYS FOR YOUR EMPLOYEES TO MAKE SURE A DOCTOR IS IN NETWORK:

- Log in to highmarkbcbs.com and click the Find a Doctor tab to view all in-network providers. To see only AHN providers, click the show only AHN providers box in the green block.
- Call the Member Service number on the back of the Highmark ID card or in the Highmark app to talk with your Together Connect team member.
- See the list of in-network providers on page 15.

Our Together Connect team TOGETHER with your team

The Together Connect team is an exclusive offering for the Together Blue plan. This team has access to data and platforms across Highmark and AHN, providing a holistic view of a member's wants and needs throughout their care journey.

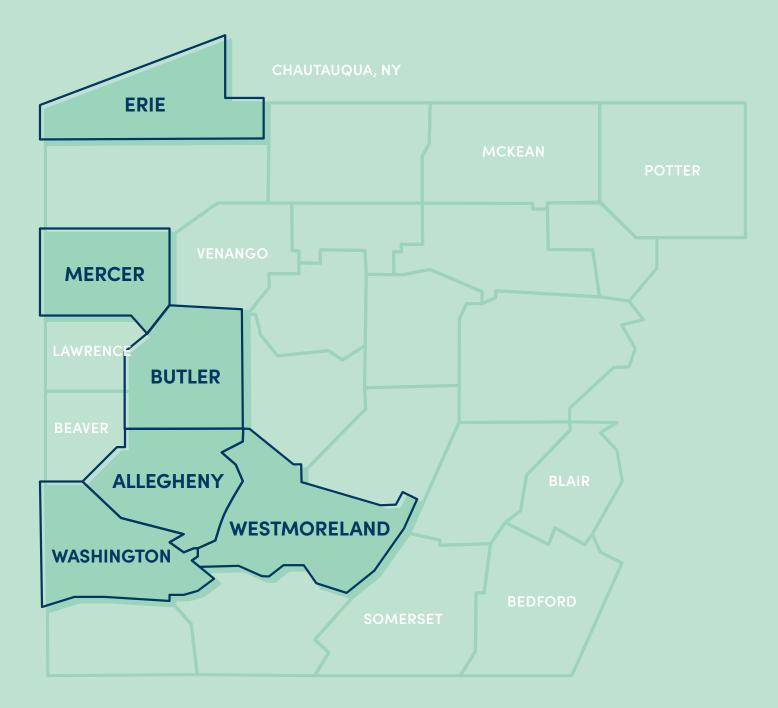

THE TOGETHER CONNECT TEAM:

- Integrates care teams at AHN with administrative teams at Highmark.
- Coordinates care and offerings that are tailored to each individual member.
- Helps members find the right provider and easily set up appointments for first-time or ongoing care.
- Answers any health-related questions or helps members understand health concerns.
- Transfers medical records for any patients new to AHN.

The Together Connect team is composed of a dedicated representative, nurse, behavioral health/social worker, and pharmacist, if one is needed. The Together Connect team offers much more than a standard service representative — it's a whole team of people working together with your people.

CONTACT THE TOGETHER CONNECT TEAM:

Your employees can call the Member Service number on the back of their Highmark ID card or in the Highmark app.

All of these outstanding hospitals are part of the Together Blue plan:

The BlueCard® Program – with BlueCard, your coverage for urgent care and emergency care travels with you. When you enroll in a Together Blue EPO plan, you have access through BlueCard to thousands of providers and hospitals nationwide for urgent and emergent care. Getting access to care is as easy as presenting your Highmark identification (ID) card. When you are outside of the Together Blue service area, providers who participate with the local Blue Cross and Blue Shield plan will recognize and honor your card. So your benefits go with you.

1. Integrated Rx plans include all medical and prescription claims accumulating toward one overall deductible.

2. "Embedded" plans: In this approach, an individual family member can be eligible for payment of benefits upon meeting the Individual deductible amount (even if the rest of the family has not met the Family deductible amount). Additionally, an individual family member's out-of-pocket (OOP) maximum will be the same as that of a member purchasing Individual coverage for the specified health plan.

3. A health savings account (HSA) is available to employees. Employer contributions in amounts that exceed annual federally mandated maximum(s) may result in actuarial value changes that may impact compliance as a Qualified Health Plan.

All in all, Together Blue is a plan that brings together what you need for your small business. It keeps costs low and delivers access to high-quality care from AHN and other local hospitals. Together Blue also includes a personalized team, the Together Connect team, to help your people stay at their healthiest and find the most efficient care.
