Brief Program Descriptions

Boy Scouts DelMarVa	Victory Gardens expansion to 48 plots and support for staff to manage operations and maintenance of the gardens and surrounding grounds to increase likelihood of better crop production, in partnership Delaware State University Small Farms program and University of Delaware Agricultural Extension Service.
Boys and Girls Club of Delaware	This is an expansion of its community-based behavioral health program to all Boys & Girls Clubs in Delaware. This program provides mental health support, and trauma informed and wellness programming for children and youth affected by COVID.
Delaware Breast Cancer Coalition	A dedicated Bilingual Patient Navigator & Outreach Specialist will implement programs to increase breast cancer awareness and screening for medically underserved and minority communities statewide, with emphasis in New Castle County.
Delaware Medical Education Foundation	The Primary Care Capacity Expansion program provides financial stimulus to eligible medical practices to support improvement projects related to infrastructure, sustainability, value-based care and technology.
DHIN	A Delaware Medical Orders for Scope of Treatment (DMOST) form allows seriously ill Delawareans or those with advanced frailty to plan for healthcare decisions and enable and obligate healthcare professionals to act in accordance with a patient's expressed preferences. Funding supports ongoing efforts to maintain and expand use of this electronic registry.
Good Neighbors	Supports low-cost home repairs for 25 senior citizens who live in unsafe and unhealthy homes in New Castle County. This is a collaborative effort with ChristianaCare HomeHealth, Westside Family and UD, who will provide clients that fit the requirements using a six-month pre-renovation evaluation. Good Neighbors can provide repairs for up to 50% less than market costs and quicker finish time.
Junior Achievement	This request supports health career programming that exposes young Delawareans to the variety of health-focused careers available. In the JA BizTown simulation, students learn about health insurance and lifestyle choices that influences future health. Approximately 7,000 students will be served each year.
Keystone Human Services	Funding supports equipment and staff training to provide rapid access care for individuals with intellectual and/or developmental disabilities (IDD) in non-emergency situations and routes health assessments through use of smart devices with interactive video technology.
Medical Society of Delaware	Project aims to analyze and adapt in-person educational curriculums and programs to blended and hybrid models, and upgrade MSD technology infrastructure to better serve MSD's 1,200 member physicians navigating care delivery after the onset of the COVID-19 pandemic.

Brief Program Descriptions

Ministry of Caring	<p>The Ministry of Caring's Job Placement Center offers a Certified Nursing Assistant (CNA) Training Program as a pathway to self-sufficiency. Enrolled students are eligible to receive assistance to purchase uniforms and other necessities, and graduates who secure employment are eligible for transportation subsidies. Our 2021 small grant resulted in 31 CNA and 10 commercial driving licensures to 41 eligible students with a 100% graduation rate.</p>
Nehemiah Gateway CDC	<p>Tennis Rocks continues to offer year-round tennis, tutoring and music programs for our most underserved youth and families living in Wilmington. Funding supports expenses related to physical fitness and education programming.</p>
Practice without Pressure - Pike Creek	<p>PWP serves adults with IDD through comprehensive training and specialized approaches to care to meet the unique needs of Delawareans with disabilities. To meet the increased demand, PWP will invest in an additional dentist and a hygienist to serve more than 500 new patients this year. PWP partners with the Delaware Division of Disability Services.</p>
Serviam Girls Academy	<p>Project Restoration provides each Serviam student with small group restorative sessions led by a licensed professional counselor to address mental in a safe, familiar environment, and without imposing any burden on families and caregivers.</p>
Tether Foundation	<p>Camp Abilities Delaware (CADE) is a free educational sports camp for children ages 7-17, who are blind or have low vision. It introduces children to a variety of sports and activities to empower children to be physically active, improve their overall health and wellness, and develop their confidence and self-esteem. CADE also serves as an educational training program for college students studying physical education, PT, OT, and special education.</p>
