## Brief Program Descriptions

Meet Me at the Well Foundation	This program will increase the number of trained professionals available to serve highly traumatized people, increase the number of identified human trafficking victims, and disrupt cycles of human trafficking and complex trauma.
Bringing Hope Home	The Light of Hope Family Program partners with hospitals and oncology treatment teams and uses virtual connections to provide financial relief for families to assist with rent, food insecurity or other immediate needs so their focus can remain on treatment.
Jewish Federation of Delaware	Their Dignity Grow's program helps address the unmet needs of countless females who do not have easy access to feminine hygiene or personal care products.
Leading Youth Through Empowerment	LYTE's Health Sciences Program gives these students the opportunity to acquire real-world experience in the medical field by offering paid internships and experiential learning opportunities.
Make-A-Wish Philadelphia, Delaware & Susquehanna Valley	Each year, Make-A-Wish fulfills over 40 wishes for critically ill children living in Delaware to support them and their families on their emotional and physical medical journey. Funding supports three Delaware children wishes.
Wilmington Alliance	Working with Christiana Care, four job opportunities will be available to help advance an equitable workforce and to address the hiring processes challenges for marginalize, justice involved individuals.
