# Before we get much further, let's cover some Affordable Care Act (ACA) essentials. 

## ACA basics

## Metal levels

ACA plans* are broken into four categories based on how you and your plan share the costs of your health care.

Just so you know, metal levels reflect cost-sharing** differences only - which means you get the same quality of care at any level.

| Bronze |  |
| :---: | :---: |
| 60\% <br> of costs covered by your plan | 40\% out-ofpocket costs |
| This level makes sense if you***: |  |
| Don't use a lot of health care services and/or want to keep premium payments low. |  |

## Gold 80\% of costs covered by your plan <br> 20\% out-ofpocket costs

This level makes sense if you***:

Use health care services somewhat frequently and/ or want low out-of-pocket costs for most commonly used services.

## Extra Savings Silver

 73-94\% of costs covered by your plan pocket costsThis level makes sense if you***:

Are CSR-eligible, which gives you lower out-of-pocket costs.

* ACA also includes Catastrophic and Platinum level plans. Catastrophic plans are available if you're under 30 or have a financial hardship. They're for people who do not go to the doctor frequently or only go to the doctor when there's an emergency. Highmark does not offer Platinum plans in Pennsylvania.
** The portion of health care services that you pay out of pocket. This generally includes deductibles, coinsurance, and copays.
$\star \star \star$ Financial help in the form of APTCs or CSRs are available only on plans purchased through Pennie.com.

## Ways to save

Good news: There are two ways available to save for ACA enrollees.

Even better news: More than $90 \%$ of our ACA members qualify to save.

Advance Premium Tax Credits (APTC), which may be applied - in advance - to lower what you pay each month for your premium on any level Pennsylvania Insurance Exchange plan except Catastrophic.

Cost-Sharing Reductions (CSR) will lower out-of-pocket costs that you may pay at the time of service for doctor visits, lab tests, drugs, and other covered services. CSR plans offer lower deductibles, copays, and coinsurance. You can only get these savings if you enroll in an "Extra Savings" Silver plan.

You can qualify for both an APTC and CSR, too.

## Extra ACA assistance

The Inflation Reduction Act lowers the cost of health plans for middle- and lower-income individuals and families. It may provide more aid even if you've previously qualified for financial help. And it makes it easier to qualify if you've been denied in the past.

Your savings can be significant. See for yourself.

## Kyle

Single, 40 years old, non-smoker Annual income: \$19,140
Before: \$66 monthly premium
After: \$0 monthly premium
Savings: \$792/year

## Dean and Vanessa

Married couple, 64 years old, non-smokers Annual income: \$77,850
Before: $\$ 2,492$ monthly premium After: \$550 monthly premium
Savings: $\$ 23,304 /$ year

Premiums and Advance Premium Tax Credit (APTC) will vary by county. The APTC can lower the monthly premium. Examples are based on the second-lowest cost Silver plan available on the Marketplace in a given area. The price of this plan is used to calculate premium subsidies.

## Financial help

To see if you're eligible for financial help, locate your qualifying income and household size on the chart below. Then refer to the Base or Extra Savings plans for your county to find the plans that meet your needs.

Even if you don't qualify for cost-sharing reductions, you may be eligible for advance premium tax credits. Please refer to the Base plan options for your county.

* Most individuals and families with household incomes $100 \%$ or more of the FPL will qualify for premium tax credits. These credits help lower the cost of health insurance coverage and are based on the second-lowest-cost Silver plan available in your area on the Pennsylvania Insurance Exchange. The second-lowest-cost Silver plan is also known as the "benchmark plan." Premium tax credits vary by income. Households with incomes $150 \%$ or less of the FPL will pay no premium for the benchmark plan. Those households with annual incomes $400 \%$ or more of the FPL will pay no more than $8.5 \%$ of their household income on health insurance premiums for the benchmark plan.
* Income below $138 \%$ FPL: If your income is below $138 \%$ FPL and your state has expanded Medicaid coverage, you qualify for Medicaid based only on your income.
* American Indians and Alaska Natives who are members of federally recognized tribes are eligible for cost-sharing reductions at alternative dollar thresholds.
This chart is only applicable for coverage in 2023 and in the 48 contiguous states and the District of Columbia. For families/households with more than 8 persons, add $\$ 4,720$ for each additional person. HHS Poverty Guidelines for 2022 (March 3, 2022). Retrieved from https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines.

## ACA plans vs. short-term plans and Health Care Sharing Ministries

In addition to the availability of APTC and CSR, all ACA plans provide coverage for preexisting conditions and the 10 Essential Health Benefits (see page 21). Short-term plans and Health Care Sharing Ministries - which are plans that come with a fixed, limited term - do not. These plans can seem like a cheaper alternative to ACA coverage but often come with hidden costs and exclusions that can make them more expensive in the long run.

Other types of hidden costs in short-term and Health Care Sharing Ministries plans:

|  | SHORT-TERM PLANS AND HEALTH CARE SHARING MINISTRIES | ACA PLANS |
| :---: | :---: | :---: |
| Capped out-of-pocket spending | not included | included |
| Coverage of 10 Essential Health Benefits | not included | included |
| No limits on covered doctor visits | not included | included |
| No dollar limits on covered benefits | not included | included |
| No limits on prescription drug coverage | not included | included |
| Coverage for preexisting conditions with no waiting period | not included | included |

A listing of the 10 Essential Health Benefits can be found on page 21.

## Next, enrollment dates.

There are two ways you can enroll in or change your ACA coverage. One is a fixed period that happens every year. The other is for special cases that can happen any time.

## $\leftrightarrows$

OPEN ENROLLMENT PERIOD
November 1, 2022 - January 15, 2023
If you sign up by December 15, 2022, your plan takes effect on January 1, 2023.

If you sign up between December 16, 2022, and January 15, 2023, your plan takes effect on February 1, 2023.

## 5 <br> SPECIAL ENROLLMENT PERIODS

Can happen any time throughout the year
During a Special Enrollment Period, you can only get or change coverage if you have a qualifying life event. Examples include losing your existing coverage, a new addition to the family, getting married, or moving to a new area where you can't keep your current plan. Many Special Enrollment Periods only last 60 days from the qualifying life event.

If you think you're eligible for a Special Enrollment Period, you may be asked to submit documents to verify it. You can go to highmark.com for more information.

## Finally, your ACA Enrollment Checklist.

Here's the info you'll need for each person who will be covered on your plan.

Date of birth

Social Security number (or legal immigrant documents)

Income documentation for all household members, even if they won't be covered by the plan (pay stubs, W-2 forms, or wage and tax statements)

Current health insurance policy numbers (if applicable)

Info on any health insurance you or your family could get from your job

All set? Great. Let's dig into the details for 2023 and find a plan with the benefits you want at price you can afford.

## Health care lingo, translated.

## When you're choosing plans, you're bound to see certain terms over and over. Here's a cheat sheet for a few of the most important ones.

## BLUECARD

A program that connects independent Blue Plans across the country. It gives Blue Plan members access to in-network coverage while outside their plan area. The level of coverage depends on your chosen plan.

## COINSURANCE

The percentage of total cost of care you may owe for certain covered services after reaching your deductible. For example, if your plan pays $80 \%$, you pay $20 \%$.

## COPAY

The set amount you pay for certain covered services, could be $\$ 20$ for a doctor visit or $\$ 30$ for a specialist visit. If you owe a copay, you must pay it when you check in for your visit.

## DEDUCTIBLE

The set amount you pay for covered health services or drug costs before your plan starts paying.

EMERGENCY SERVICES
Care for a condition needing immediate attention to avoid severe harm.

## FORMULARY

A list of drugs selected by the plan based on certain clinical factors. The list of medicines is sorted by tier. Lower tiers usually mean lower copays.

## HABILITATIVE SERVICES

Health care services that help you keep, acquire, or improve skills and functioning for daily living following disease, illness, or injury.

HEALTH SAVINGS ACCOUNT (HSA)
An account to set aside pre-tax money to pay for qualified medical expenses. You can only have an HSA if you have a Qualified High-Deductible Health Plan.

## HIGH-DEDUCTIBLE HEALTH PLAN (HDHP)

A plan that usually comes with a lower premium because you pay more for health care services up front before the insurance company starts to pay. These plans are often combined with a health savings account.

## IN-NETWORK PROVIDER

A doctor or hospital that has an agreement with the plan and will accept plan allowance plus member copay or coinsurance as payment in full.

## OUT-OF-NETWORK PROVIDER

A doctor or hospital that does not have an agreement with the plan and does not have to accept plan allowance as payment in full.

OUT-OF-POCKET MAXIMUM
The most you'd pay for covered care in a benefit period or year. If you reach this amount, your plan pays $100 \%$ after that.

## PLAN ALLOWANCE

The set amount an in-network provider has agreed to accept for a covered health care service. Member responsibility for the service can be found in the Outline of Coverage. The plan pays the difference between the plan allowance and the member responsibility. If an out-of-network provider bills for more than the plan allowance, you may have to pay the difference. If your plan does not include out-of-network coverage and you receive care, other than emergency or urgent care, you may be responsible for the entire cost..

## PREMIUM

The monthly amount paid for coverage.

## PREVENTIVE CARE SERVICES

Routine care like screenings and checkups that help you healthy. Refer to the Highmark Preventive Schedule for the list of preventive care services.

## PRIMARY CARE PROVIDER (PCP)

The medical professional you see for most of your basic care, like yearly preventive visits and screenings.

## QUALIFIED HEALTH PLAN (QHP)

A plan that has been certified by the Health Insurance Marketplace and meets all ACA requirements. That includes providing the 10 Essential Health Benefits and staying inside the limits for deductibles, copays, and out-of-pocket maximums.

## REHABILITATIVE SERVICES

Care that helps you keep, get back, or improve skills and functioning after you were sick, hurt, or disabled.

## RETAIL CLINIC

Walk-in centers for less complex health needs, generally open in the evenings and on weekends.

## URGENT CARE CENTER

A walk-in center for when you have a condition that's serious enough to need care right away, but not serious enough for a trip to the emergency room.

## VIRTUAL VISIT

A real-time office visit with a doctor at a remote location, conducted via interactive audio and streaming video telecommunications.

## It's all in the name.

## HIGHMARK DISCLOSURES

## Important Benefit Details

Non-Embedded Family Deductible: For an agreement covering more than one (1) family member, the family deductible must be satisfied before the plan will begin to pay benefits for covered services for any covered family member. When the family deductible has been satisfied, the family deductible will be considered to have been satisfied for all family members, the plan will begin to pay benefits for covered services for all covered family members for the remainder of the benefit period (January 1, 2023-December 31, 2023). The family deductible can be met by one family member or a combination of members

Aggregate/Embedded Family Deductible Plans: For an Agreement covering more than one (1) family member, as each Member satisfies their individual Deductible, the Plan will begin to pay benefits for Covered Services for that Member for the remainder of the Benefit Period (January 1, 2023- December 31, 2023), whether or not the entire family Deductible has been satisfied. When the family Deductible has been satisfied, the family Deductible will be considered to have been satisfied for all remaining covered family members. Not every individual member must meet the individual deductible for the family deductible to be met and no individual member may satisfy the entire family Deductible.

Blue Distinction Centers (BDC) met overall quality measures for patient safety and outcomes, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. Blue Distinction Total Care ("Total Care") providers have met national criteria based on provider commitment to deliver value-based care to a population of Blue members. Total Care+ providers also met a goal of delivering quality care at a lower total cost relative to other providers in their area. Program details and national criteria for BDC and BDC+ are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross Blue Shield Association nor any Blue Plans are responsible for noncovered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.

## Medically Necessary Orthodontics Coverage

In this section, "Medically Necessary" or "Medical Necessity" means health care services that a physician or dentist would provide to a patient for the purpose of evaluating, diagnosing, or treating an illness, injury, disease, or its symptoms, and are:

1. Generally accepted standards of medical or dental practice.
2. Clinically appropriate, in terms of type, frequency, extent, site, and duration.
3. Considered effective for the patient's illness, injury, or disease.
4. Not primarily for the convenience of the patient, physician, or dentist, and not more costly than another service that is less likely to produce the same results.
As used above, "generally accepted standards of medical or dental practice" means:

- Standards that are based on credible scientific evidence published in peer-reviewed, medical, and dental literature, and generally recognized by the relevant professional community.
- Recognized medical and dental, and Specialty Society recommendations.
- The views of physicians and dentists practicing in the relevant clinical area and any other relevant factors.
A Medically Necessary orthodontic service is a procedure that's part of an approved orthodontic plan and is used to treat:
- Severe functional difficulties.
- Birth defects in facial bones and/or oral structures.
- Facial trauma resulting in functional difficulties.
- A psychological/psychiatric diagnosis from a mental health provider.

## Coverage of Medically Necessary Orthodontics

1. Orthodontic treatment must be Medically Necessary and be the only method capable of:
a) Preventing irreversible damage to the insured person's teeth or their supporting structures.
b) Restoring the insured person's oral structure to health.
2. The insured person must have a full set of permanent teeth to be eligible for Medically Necessary orthodontic services for conditions that severely interfere with oral function.
3. Other orthodontic covered services include:

- A pre-orthodontic treatment visit for completion of the HLD (NJ-Mod2) form, diagnostic photographs, and panoramic radiographs.
- Limited treatment for the primary, transitional, and adult dentition.
- Interceptive treatment for the primary transitional dentition.
- Minor treatment to control harmful habits.
- Continuation of cases started prior to the insured person's effective date.
- Orthognathic surgical cases with comprehensive orthodontic treatment.
- Placement, removal, and repairs of orthodontic appliances.
- Replacement of a lost or broken retainer.
- Rebonding or recementing of brackets or bands.
- Removal of appliances by a provider that did not start the case.

4. All Medically Necessary orthodontic services require prior approval and a written plan of care.

## Here's how to calculate your monthly premium.

By this point, you know the Highmark plan you want. The grids in the following section will help you know what your total monthly premium should add up to.

## Who to include in your calculation:

- Yourself
- Your spouse or partner who will be covered
- All children between ages 21 and 26 who will be covered
- The three oldest children under age 21 who will be covered
- Any additional family members who will be covered

If you're going to have more than three children under 21 on your plan, only include premiums for the oldest three below. Your policy will cover any younger children; just be sure to list all of them as dependents when you enroll.

Fill in the chart below to calculate your total monthly premium.
