Why choose a Highmark health plan?

Here are a few big benefits
right off the top of our heads.

1

Expert care, close to home.

Highmark invests big in a patient-first approach to care, with easy access to high-quality, lower-cost health care services in your area. You can also seek care from Allegheny Health Network (AHN), a variety of independent providers, and, with some plans, UPMC.

2

Coverage that travels with you.

All of our plans come with access to **BlueCard®**. It connects you to the largest physician and hospital networks in the U.S. with over 1.8 million providers, including 97% of all hospitals.*

Your coverage extends to many top-rated, out-of-state facilities, like:

- Cleveland Clinic
- Duke University Medical Center
- Inova Health System Hospitals
- Johns Hopkins Hospital
- Marietta Memorial Hospitals
- MD Anderson Cancer Center
- Memorial Sloan Kettering Cancer Center
- NewYork-Presbyterian
- TidalHealth
- University of Maryland Medical Center
- Winchester Medical Center

And, you're covered in 190 countries too — it's just like getting care close to home. Keep in mind that BlueCard covers routine,** emergency, and urgent care for most plans. It only covers emergency and urgent care for Together Blue and Together Blue Virtual Choice plans.

3

No red tape.

See whichever in-network doctors you want to see — no referral needed. Call 1-888-BLUE-428, and we'll find a specialist for you. No hoops, no hoopla.

* According to the Blue Cross Blue Shield Association.

** Certain services may require you to work with your BlueCard-participating provider to obtain prior authorization.

4

All your care, all in one plan.

Healthy eyes and teeth are important parts of overall health and regular checkups can help you stay ahead of potential problems down the road. It's especially important for kids, which is why all our plans come with pediatric dental and vision benefits.

Our plans with “Adult Dental and Vision” in their name include these benefits, so there’s no need to purchase separate plans.

5

Easy access to top-performing specialists.

Only doctors who consistently deliver safe, effective treatments make the **Blue Distinction**[®] list. When you use our Find a Doctor tool, the Blue Distinction logo will appear by their names to help you choose a top-performing specialist for any care you need.

6

Mental health care that’s exactly the right fit.

Our Mental Well-Being solution provides expanded, quicker access to mental health care. A personalized care plan will help guide you to the right resources based on your needs.

And that’s just for starters.

**Let's take a minute
to cover the basics
of ACA plans.**

Here's your ACA Enrollment Checklist.

You'll need this info for each person who will be covered on your plan.

- Date of birth**
- Social Security number**
(or legal immigrant documents)
- Income documentation for all household members, even if they won't be covered by the plan**
(pay stubs, W-2 forms, or wage and tax statements)
- Current health insurance policy numbers**
(if applicable)
- Info on any health insurance you or your family could get from your job**

All set? Great. Let's move on to the essentials.

Enrollment dates

There are two ways you can enroll in or change your ACA coverage. One is a fixed period that happens every year. The other is for special cases that can happen any time.

1 Open Enrollment Period

November 1, 2023 – January 15, 2024

If you sign up by December 15, 2023, your plan takes effect on January 1, 2024.

If you sign up between December 16, 2023, and January 15, 2024, your plan takes effect on February 1, 2024.

2 Special Enrollment Period

Can happen any time throughout the year

During a Special Enrollment Period, you can only get or change coverage if you have a qualifying life event. Examples include losing your existing coverage, a new addition to the family, getting married, or moving to a new area where you can't keep your current plan. Many Special Enrollment Periods only last 60 days from the qualifying life event.

If you think you're eligible for a Special Enrollment Period, you may be asked to submit documents to verify it. You can go to [highmark.com](https://www.highmark.com) for more information.

Metal levels

ACA plans* are broken into four categories based on how you and your plan share the costs of your health care. Just so you know, metal levels reflect cost-sharing** differences only – which means you get the same quality of care at any level.

Bronze

60%
of costs covered
by your plan

40%
out-of-pocket
costs

If you don't use a lot of health care services and/or want to keep premium payments low, a Bronze plan might be for you.

Silver

70%
of costs covered
by your plan

30%
out-of-pocket
costs

If you want to balance premiums with out-of-pocket costs, Silver plans might be the way to go.

Gold

80%
of costs covered
by your plan

20%
out-of-pocket
costs

If you use health care services somewhat frequently and/or want low out-of-pocket costs for most commonly used services, you might want to consider a Gold plan.

Extra Savings Silver

73-94%
of costs covered
by your plan

6-27%
out-of-pocket
costs

If you're CSR-eligible, Extra Savings Silver plans give you lower out-of-pocket costs.

Financial help in the form of advance premium tax credits (APTCs) or cost-sharing reductions (CSRs) are available only on plans purchased through [pennie.com](https://www.pennie.com).

* Catastrophic plans are available if you're under 30 or have a financial hardship. They're for people who do not go to the doctor frequently or only go to the doctor when there's an emergency. Highmark does not offer Platinum plans in Pennsylvania.

**The portion of health care services that you pay out of pocket. This generally includes deductibles, coinsurance, and copays.

Ways to save

Good news: There are two ways available to save for ACA members.
Even better news: Nearly 90% of our ACA members qualify to save.

Advance premium tax credits (APTC)

APTCs may be applied — in advance — to lower what you pay each month for your premium on any level **Pennie.com** plan except Catastrophic.

Cost-sharing reductions (CSR)

CSRs lower out-of-pocket costs that you may pay at the time of service for doctor visits, lab tests, drugs, and other covered services. CSR plans offer lower deductibles, copays, and coinsurance. You can only get these savings if you enroll in an Extra Savings Silver plan.

You can qualify for both an APTC and CSR.

Extra ACA assistance

The Inflation Reduction Act lowers the cost of health plans for middle- and lower-income individuals and families. It may provide more aid even if you've previously qualified for financial help. And it makes it easier to qualify if you've been denied in the past.

Your savings can be significant. **See for yourself.**

Kyle

Single, 40 years old,
non-smoker
Annual income: \$20,170

Before: \$50 monthly premium

After: \$0 monthly premium

Savings: \$600/year

Dean and Vanessa

Married couple,
64 years old, non-smokers
Annual income: \$78,930

Before: \$2,741 monthly premium

After: \$559 monthly premium

Savings: \$26,184/year

Premiums and advance premium tax credits (APTC) will vary by county. The APTC can lower the monthly premium. Examples are based on the second-lowest cost Silver plan available on **Pennie.com** in a given area. The price of this plan is used to calculate premium subsidies.

Financial help

To see if you're eligible for financial help, locate your qualifying income and household size on the chart below. Then refer to the Base or Extra Savings plans for your county to find the plans that meet your needs.

Even if you don't qualify for cost-sharing reductions, you may be eligible for advance premium tax credits. Please refer to the Base plan options for your county.

Most individuals and families with household incomes 100% or more of the federal poverty limit (FPL) will qualify for premium tax credits. These credits help lower the cost of health insurance coverage and are based on the second-lowest-cost Silver plan available in your area on **Pennie.com**. The second-lowest-cost Silver plan is also known as the “benchmark plan.” Premium tax credits vary by income. Households with incomes 150% or less of the FPL will pay no premium for the benchmark plan. Those households with annual incomes 400% or more of the FPL will pay no more than 8.5% of their household income on health insurance premiums for the benchmark plan.

Income below 138% FPL: If your income is below 138% FPL and your state has expanded Medicaid coverage, you qualify for Medicaid based only on your income.*

American Indians and Alaska Natives who are members of federally recognized tribes are eligible for cost-sharing reductions at alternative dollar thresholds.

This chart is only applicable for coverage in 2024 and in the 48 contiguous states and the District of Columbia. For families/households with more than 8 persons, add \$5,140 for each additional person.

Medically necessary orthodontics coverage

In this section, “Medically Necessary” or “Medical Necessity” shall mean health care services that a physician or Dentist, exercising prudent clinical judgment, would provide to a patient for the purpose of evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

1. In accordance with the generally accepted standards of medical/dental practice;
2. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and
3. Not primarily for the convenience of the patient or physician/Dentist, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury or disease.

As used subpart 1, above, “generally accepted standards of medical/dental practice” means:

- Standards that are based on credible scientific evidence published in peer-reviewed, medical/dental literature generally recognized by the relevant professional community;
- Recognized Medical/Dental and Specialty Society recommendations;
- The views of physicians/Dentists practicing in the relevant clinical area; and
- Any other relevant factors.

A Medically Necessary orthodontic service is an orthodontic procedure that occurs as part of an approved orthodontic plan that is intended to treat severe functional difficulties, developmental anomalies of facial bones and/or oral structures, facial trauma resulting in functional difficulties or documentation of a psychological/psychiatric diagnosis from a mental health provider that orthodontic treatment will improve the mental/psychological condition of the child.

Coverage of medically necessary orthodontics

1. Orthodontic treatment must be Medically Necessary and be the only method capable of:
 - a) Preventing irreversible damage to the insured person’s teeth or their supporting structures and,
 - b) Restoring the insured person’s oral structure to health and function.
2. The insured person must have a fully erupted set of permanent teeth to be eligible for comprehensive, Medically Necessary orthodontic services for handicapping malocclusions of the adult dentition.
3. Other orthodontic Covered Services include: pre-orthodontic treatment visit for completion of HLD (NJ-Mod2) form, diagnostic photographs and panoramic radiographs; limited treatment for the primary, transitional and adult dentition; interceptive treatment for the primary transitional dentition; minor treatment to control harmful habits; continuation of transfer cases or cases started prior to the insured person’s Effective Date; orthognathic surgical cases with comprehensive orthodontic treatment; placement and removal of orthodontic appliances; repairs to orthodontic appliances; replacement of lost or broken retainer; rebonding or recementing of brackets and/or bands; and removal of appliances by a provider that did not start the case when requested by report.
4. All Medically Necessary orthodontic services require prior approval and a written plan of care.

Health care lingo, translated.

When you're choosing plans, you're bound to see certain terms over and over. Here's a cheat sheet for a few of the most important ones.

BLUECARD

A program that connects independent Blue Plans across the country. It gives Blue Plan members access to in-network coverage while outside their plan area. The level of coverage depends on your chosen plan.

COINSURANCE

The percentage of total cost of care you may owe for certain covered services after reaching your deductible. For example, if your plan pays 80%, you pay 20%.

COPAY

The set amount you pay for certain covered services. For example, it could be \$20 for a doctor visit or \$30 for a specialist visit. If you owe a copay, you must pay it when you check in for your visit.

DEDUCTIBLE

The set amount you pay for covered health services or drug costs before your plan starts paying.

EMERGENCY SERVICES

Care for a condition that you think needs immediate attention to avoid severe harm.

FORMULARY

A list of drugs selected by the plan based on certain clinical factors. The list of medicines is sorted by tier. Lower tiers usually mean lower copays.

HABILITATIVE SERVICES

Health care services that help you keep, acquire, or improve skills and functioning for daily living following disease, illness, or injury.

HEALTH SAVINGS ACCOUNT (HSA)

An account to set aside pre-tax money to pay for qualified medical expenses. You can only have an HSA if you have a qualified high-deductible health plan.

HIGH-DEDUCTIBLE HEALTH PLAN (HDHP)

A plan that usually comes with a lower premium because you pay more for health care services upfront before the insurance company starts to pay. These plans are often combined with a health savings account.

IN-NETWORK PROVIDER

A doctor or hospital that has an agreement with the plan and will accept plan allowance plus member copay or coinsurance as payment in full.

OUT-OF-NETWORK PROVIDER

A doctor or hospital that does not have an agreement with the plan and does not have to accept plan allowance as payment in full.

OUT-OF-POCKET MAXIMUM

The most you'd pay for covered care in a benefit period or year. If you reach this amount, your plan pays 100% after that.

PLAN ALLOWANCE

The set amount an in-network provider has agreed to accept for a covered health care service. Member responsibility for the service can be found in the Outline of Coverage. The plan pays the difference between the plan allowance and the member responsibility. If an out-of-network provider bills for more than the plan allowance, you may have to pay the difference. If your plan does not include out-of-network coverage and you receive care, other than emergency or urgent care, you may be responsible for the entire cost.

PREMIUM

The monthly amount paid for coverage.

PREVENTIVE CARE SERVICES

Routine care like screenings and checkups that help keep you healthy. Refer to the Highmark Preventive Schedule for the list of preventive care services.

PRIMARY CARE PROVIDER (PCP)

The medical professional you see for most of your basic care, like yearly preventive visits and screenings.

QUALIFIED HEALTH PLAN (QHP)

A plan that has been certified by the Health Insurance Marketplace and meets all ACA requirements. That includes providing the 10 Essential Health Benefits and staying inside the limits for deductibles, copays, and out-of-pocket maximums.

REHABILITATIVE SERVICES

Care that helps you keep, get back, or improve skills and functioning after you were sick, hurt, or disabled.

RETAIL CLINIC

Walk-in centers for less complex health needs, generally open in the evenings and on weekends.

URGENT CARE CENTER

A walk-in center for when you have a condition that's serious enough to need care right away, but not serious enough for a trip to the emergency room.

VIRTUAL VISIT

A real-time office visit with a doctor at a remote location, conducted via interactive audio and streaming video telecommunications.

There's a whole lot of legalese around these plans. We put it all in one place for you.

Important Benefit Details

Non-Embedded Family Deductible: For an agreement covering more than one (1) family member, the family deductible must be satisfied before the plan will begin to pay benefits for covered services for any covered family member. When the family deductible has been satisfied, the family deductible will be considered to have been satisfied for all family members, the plan will begin to pay benefits for covered services for all covered family members for the remainder of the benefit period (January 1, 2024– December 31, 2024). The family deductible can be met by one family member or a combination of members.

Aggregate/Embedded Family Deductible Plans: For an Agreement covering more than one (1) family member, as each Member satisfies their individual Deductible, the Plan will begin to pay benefits for Covered Services for that Member for the remainder of the Benefit Period (January 1, 2024– December 31, 2024), whether or not the entire family Deductible has been satisfied. When the family Deductible has been satisfied, the family Deductible will be considered to have been satisfied for all remaining covered family members. Not every individual member must meet the individual deductible for the family deductible to be met and no individual member may satisfy the entire family Deductible.

You are responsible for out-of-pocket costs each benefit period (January 1, 2024– December 31, 2024) up to the maximum amount shown. Thereafter, the plan pays 100% of the Plan Allowance. During the remainder of the benefit period. This amount does not include amounts in excess of the plan allowance.

Diagnostic Lab services include Laboratory and Pathology. Diagnostic Lab services require one copay (or, for some plans, coinsurance after deductible) per date of service and type of service.

Basic Diagnostic Services include Diagnostic X-ray, diagnostic medical and allergy testing. Basic diagnostic services require one copay (or, for some plans, coinsurance after deductible) per date of service and type of service. The copayment, if any, does not apply to diagnostic services prescribed for the treatment of Mental Health or Substance Abuse.

Advanced Imaging services include, but are not limited to, CAT scan, CTA, MRI, MRA, PET scan, and PET/CT Scan. Advanced Imaging services require one copay (or, for some plans, coinsurance after deductible) per date of service and type of service. The copayment, if any, does not apply to diagnostic services prescribed for the treatment of Mental Health or Substance Abuse.

Essential Formulary prescription drug cost covers a 90-day (Mail Order) or 31-day (Retail) supply. All plans have a four-tier closed formulary prescription drug structure.

Qualified High Deductible Health Plans may be coupled with a Health Savings Account (HSA). However, certain cost-sharing reductions (CSR) or plan variations of this plan that are offered through the Health Insurance Marketplace are not intended to be used with an HSA. If you have questions, please check with your financial advisor.

If you purchase coverage through an agent or broker, that individual may receive a commission. Bonus or incentive compensation may also apply. Highmark Disclosures

Blue Distinction Centers (BDC) met overall quality measures for patient safety and outcomes, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. Blue Distinction Total Care ("Total Care") providers have met national criteria based on provider commitment to deliver value-based care to a population of Blue members. Total Care+ providers also met a goal of delivering quality care at a lower total cost relative to other providers in their area. Program details and national criteria for BDC and BDC+ are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross Blue Shield Association nor any Blue Plans are responsible for noncovered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.

BlueCard coverage is available for emergency or urgent care for all plans when you are away from home. Routine care is also covered for some plans. Consult your plan documents for additional information.
